SUBJECT: **CAMP CLINTON B. AFFLERBAUGH WATER MAIN BREAK**

This is to advise the Board that on March 18, 2011 at approximately 4:37 a.m., Camp Afflerbaugh had a break in the water main line. All minors and staff are safe; however, there is no water pressure for bathroom use or kitchen operations. Probation transportation is working to evacuate 107 minors to Central Juvenile Hall (CJH). A total of 16 staff are on duty, and will also be evacuated to CJH. The parents and guardians of the minors housed at Camp Afflerbaugh are being notified of the evacuation and relocation to Central Juvenile Hall.

The Internal Services Department is at the camp site and working to correct the problem. Preliminary information is that the repairs and testing of the water main may be completed by Monday.

I will apprise the Board with more information as it becomes available.
